TO: MEMBERS OF THE  
NATIONAL SCHOOL SAFETY HONOR ROLL

Dear Colleagues:

Congratulations! The Honor Roll Judges of the National Safety Council are happy to inform you that your school, after careful evaluation, has been awarded recognition on the National School Safety Honor Roll. A Certificate, or either indicating the number of years of participation, is enclosed.

You can be very proud of this Honor and in addition we hope it will serve as a reminder of past accomplishments and the need for continuous safety effort in instructing and guiding your students for a full and productive life. We congratulate the entire faculty and student body of your school on the attainment of this Honor.

We have enclosed a set of the Honor Roll application materials for the current school year, also included is a letter from Mr. Paul Jones, Director of Public Information, National Safety Council, giving information helpful to you in publicizing this Honor. To continue your status on the Honor Roll the application should be filled in and submitted next April. We look forward to your continued participation.

Also enclosed is the 90 per cent School System Safety Award application in the event that your school system may be eligible for this additional award. As you probably know you must have five or more schools in your system and at least 90 per cent of these schools must have received the Honor Roll Certificate for individual schools. If your system is eligible for this award please return the completed application to this office by November 1.

Very truly yours,  
*Alfred L. Phillips*
